UNIRAZAK'S Foundation in Arts programme is a one-year preparatory course for school-leavers who wish to pursue a Bachelor's degree in business, government and education. This programme covers a basic knowledge of fields such as management, economics, information and communication technology, language and global studies.

In the foundation year, students will gain exposure to these areas via hybrid learning through a mix of lectures, tutorials, group work and activities on UROX (the UNIRAZAK online experience platform). Students may then continue at UNIRAZAK by pursuing a Bachelor's degree programme.
